

Supporting independent living

Community Agents Essex

Community Agents is a FREE service funded by Essex County Council and delivered in a partnership between, Rural Community Council of Essex (RCCE), British Red Cross and Essex Neighbourhood Watch.

Community Agents continue to support people through these challenging times. We are closely following latest Government Covid advice around home visits.

Agents are easy to talk to and have a wealth of knowledge about how to access services. Most of the people Community Agents help are seeking information and advice. Below are just some examples of things all in a day's work for your Community Agent.

- Aids and adaptations to make day to day living easier
- Maximising income and benefits checks
- Support with Blue Badge applications
- Linking to support for Carers
- Living independently
- Community transport
- Accessing local groups, social activities or befriending
- Sourcing home help or gardening services

Community Agents are part of the Live Well partnership and referrals can be made by email or phone, through Essex Wellbeing Service. To arrange a free visit, or speak with your local agent, call or email us:
